I am a Front-end web developer leveraging a background in customer service to provide a strong outlook on client needs and desires. I've earned a certificate in Full-Stack Web Development from the University of North Carolina at Chapel Hill's Full-Stack Coding Bootcamp. I'm an adaptive problem-solver with a passion for developing accessible applications for all with a focus on mobile-first design. I have strengths in communication, teamwork, and customer satisfaction.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5, SQL, NoSQL
Applications: GitHub, MongoDB, MySQL
Tools: Express, React, Node, JQuery, Bootstrap, Git, Material UI
Soft Skills: Coachability, adaptation, communication, customer satisfaction, teamwork

- Tools: HTML, CSS, Javascript, Bootstrap, JQuery, Moment.js,

EXPERIENCE

Bartender   **2017-Present**
Flex Bar & Nightclub   **Raleigh, NC**
I prepare and serve drinks to a diverse clientele at this LGBT+ bar/nightclub in downtown Raleigh.
Key Accomplishments:
- Communicating and serving guests coming from various backgrounds and lifestyles has provided me with a broad perspective on diversity and human differences.
- Conflict resolution is common practice as I'm typically responsible for keeping guests happy and peaceful.
- Trained new staff members and assisted management in creating training practices and procedures.

Bartender   **2019-2020**
DLS Events, LLC   **Raleigh, NC**
Prepared and served drinks to guests in a fast-paced environment at The Ritz where events both large and small were held. Laid off due to Covid-19.
Key Accomplishments:
- A busy, fast-paced environment where speed, communication, and accuracy are vital.
- Coordinated with 1-2 other team members every shift to ensure everything ran smoothly and guests were satisfied.

Carpenter   **2014-2017**
Svannberg Construction   **Raleigh, NC**
Performed exterior repairs on applicable homes for several HOAs (Homeowners Association).
Key Accomplishments:
- Learned a lot about the importance of coachability on this job.
- Always worked on a team of 2-3 where jobs would be near impossible without team-collaboration.

EDUCATION

Certificate, Full Stack Web Development – University of North Carolina at Chapel Hill
Chapel Hill, NC
